APPROVAL

Re: Remedial Investigation Work Plan
Non-Residential Chromate Chemical Production Waste Sites – Sites 63 and 65
Jersey City, New Jersey

Dear Mr. McCabe:

The New Jersey Department of Environmental Protection (Department) has completed review of the *Remedial Investigation Work Plan; Non-Residential Chromate Chemical Production Waste Sites – Sites 63 and 65; Jersey City, New Jersey* (RIWP) prepared by AECOM for PPG Industries dated March 2011. The Department hereby approves the RIWP, effective the date of this letter, contingent on the following two items:

- Removal of “BOD” from footnote 3 in Table 3 to make the table consistent with the text in Section 4.3.5 of the RIWP and the response to comment 18 provided in the March 25, 2011 response to comment letter; and
- Submittal of revised Table 3 and revised cover pages documenting the “Final” status of the RIWP.

If you have any questions regarding this matter, contact me at (609) 984-2905.

Sincerely,

Thomas J. Cozzi, Assistant Director
Site Remediation DEP

C: Brian McPeak, Project Manager
Dave Doyle, DEP
